

Provincial dental fee increases for 2011

It's that that time of year when most provincial and territorial dental associations release their annual fee guides. Typically there is an increase across the board for dental services performed by general practitioners. The information in provincial fee guides helps us establish reimbursement levels for the dental services your plan members receive.

This chart summarizes fee guide increases announced for 2011 by the provincial dental associations (except for the Alberta Dental Association and College, which doesn't publish an annual fee guide).

Province	Percentage cost increase	Details of increase			2011 effective date
British Columbia	1.80% overall	Procedure codes	Classification	Percentage cost increase	February 1
		00000-09999	Diagnostic	3.6%	
		10000-19999	Preventive	1.6%	
		20000-23999	Restorative - Amalgams	4.2%	
			- Composites	1.3%	
		24000-29999	Restorative - Crowns	1.7%	
		30000-39999	Endodontics	1.3%	
		40000-49999	Periodontics	1.0%	
		50000-59999	Prosthodontics - Removable	1.4%	
		60000-69999	Prosthodontics - Fixed	1.1%	
70000-79999	Oral surgery	2.0%

Northwest Territories	2.50%	Overall increase	April 1	

Nunavut	0%	No changes for Nunavut in 2011	April 1
Yukon		<i>Not yet available</i>	April 1

How we reimburse dental expenses in Alberta

Since the Alberta Dental Association and College doesn't publish a dental fee guide, insurers must establish their own reimbursement levels for dental services in Alberta.

At Sun Life Financial, we use our own Alberta-based claims data from the two most recent consecutive calendar years to determine appropriate fee increases for each category of dental service.

Our application of these reimbursement levels may not always result in full reimbursement of the charges by some dentists in Alberta, nor will they necessarily match the reimbursement levels set by other carriers.

For group contracts that provide benefits on a current fee guide basis, the following reimbursement levels will apply:

Procedure codes	Classification	2011 increase over 2010 reimbursement guide
00000-09999	Diagnostic (e.g. examinations)	4.5%
10000-19999	Preventive (e.g. cleaning, scaling)	4.5%
20000-22999	Restorative – Basic (e.g. fillings)	6.0%
23000-24999	Composite fillings	6.0%
25000-29999	Restorative – Major (eg. crowns)	6.0%
30000-39999	Endodontics (e.g. root canal treatment)	5.0%
40000-49999	Periodontics (e.g. gum treatment)	4.0%
50000-59999	Prosthodontics – Removable (e.g. dentures)	6.0%
60000-69999	Prosthodontics – Fixed (e.g. bridges)	5.0%
70000-79999	Oral and maxillofacial surgery	5.0%
80000-89999	Orthodontics	0%
90000-99999	Adjunctive general services	5.0%

Plan sponsors in Alberta

Dental fees in Alberta vary significantly because the province doesn't publish a provincial dental association fee guide.

Our recommended reimbursement guide is developed to cover fees that are representative of what the majority of patients are charged. However, did you know that our dental claims system allows you the flexibility to amend your plan so that dental claims can be reimbursed at a higher or lower level than the options provided in our Alberta reimbursement guide? Please contact your Sun Life Financial group representative to explore your choices.

We are also including a [communication](#) for your plan members. "*Making the most of your dental benefits 2011*" explains how we reimburse dental services in Alberta.
