

Easy access to consultations, diagnoses, referrals, prescriptions and much more from the comfort of your home.

Hello <%=name%>,

When you need quick access to care, doing it from home can be a time saver. The **access** you have to Lumino Health Virtual Care powered by Dialogue can help keep you and your family healthy. Easily connect with health-care professionals from home at your convenience.

On-demand virtual health-care for you and your family

Consultations via phone, video, and text

Dependent family coverage

Prescription renewals, refills and delivery

Specialist referrals and lab request

The service is **available 24/7**, as long as you are within Canada.

We're committed to maintaining the privacy and security of your personal information. Dialogue doesn't share your personal health information with Sun Life or your employer.

If you haven't already, **sign up today**. That way, you are ready to go when you need it. Our **step-by-step guide** can also help you get started with Lumino Health Virtual Care.
