Protecting your plan: group benefits fraud hurts us all

When people cheat and make fraudulent claims, it can have a direct impact on you and your coverage. When fraud occurs, your employer pays higher premiums to help cover the loss. And this can end up costing you more or reducing your benefits.

You can help prevent group benefits fraud. Start by knowing and understanding what your plan covers and how to use your coverage the right way.

To report suspicious activity:

Email - clues@sunlife.com **Call** - **1-888-882-2221** **Visit** - sunlife.ca/fraudmanagement

We respect and protect your confidentiality.

Note: Not all options in this guide may apply to your plan. For specific details about your plan please refer to your benefits booklet. You can find it at **mysunlife.ca**. Go to the **Benefits** section and choose **Coverage information > Benefits booklet**.

Helpful tips

Your benefits plan is an important part of your total compensation package. Here are some ways you can make the most of it.

Lumino Health Virtual Care – easy access for you and your family

As part of your plan, you and your family will have access to Lumino Health Virtual Care powered by Dialogue. Lumino Health Virtual Care lets you connect with health-care professionals from home. With this service, you can:

- Chat with a nurse or doctor about your or a family member's physical or mental health
- Receive a diagnosis
- Receive a prescription
- You can learn more and then register for Lumino Health Virtual Care at sunlife.ca/luminovc.

Shop around for the best dispensing fee

A dispensing fee is the amount pharmacies charge to fill a prescription. These fees can vary widely from pharmacy to pharmacy. Your benefits plan only pays the dispensing fee up to a certain amount, so shopping around can save you money every time you fill a prescription. It's easy to compare dispensing fees* at pharmacies near you by using **provider search** with the **my Sun Life mobile app** or on **mysunlife.ca**.

If there are prescription drugs you take all the time, have your doctor prescribe them for longer periods of time. That way you can save on dispensing fees because you don't need to fill your prescription as often.

* **Note:** this function is not available in Quebec.

Coordinate benefits with your spouse

If you have a spouse who also has a benefits plan with family coverage, you may be able to get your claims paid from both plans, up to a combined maximum of 100% of the eligible expense. To learn more, sign in to **mysunlife.ca > Benefits centre > Coordination of benefits**.

Name a beneficiary for your group life insurance

Naming a beneficiary for your life insurance means the benefit is paid quickly and according to your wishes. If you don't name a beneficiary, we will pay your estate when you pass away.

Special note for Quebec residents: If you name your spouse as beneficiary, the designation is considered irrevocable (meaning you must have your spouse's written consent to change it) unless you specify "revocable" when you first name your spouse.

Update your information

Life changes. Just remember to keep us updated if you change your dependents (the people covered in your plan), your contact details, beneficiary, or if you have a life event. A life event is a change in your personal situation that gives you an opportunity to reconsider your benefit selections. Life events include:

- marriage
- common-law relationship
- divorce or legal separation
- birth/adoption of a child
- death of a dependent (spouse or child)
- gain or loss of spouse's coverage.

Your HR department has 31 days from the date of the event to tell us to make any changes to your benefits plan. Be sure to let them know as soon as possible when you have a Life Event. Contact your HR department for the specific rules under your plan.
