

Global2GO

Sun Life's expatriate benefits solution

When your employees are out of the country taking care of your business, we'll help them take care of their benefits.

Introducing Global2GO : taking care of your expatriate employees' benefits

You want your expatriate employees to be able to take care of business without worrying about what happens in case of illness or accidents. And they don't have time for hassles when it comes to their regular health and dental care.

Our Global2GO product was designed with all this in mind.

Group benefits become more complex outside of Canada, so you need to have international expertise on your side to navigate the regulatory, technical and social issues.

We've partnered with Mobility Saint Honoré International (MSH International), a leading provider of expatriate insurance solutions, to provide that expertise for you in an expatriate benefits product that's comprehensive, simple and reliable for your employees.

Global2GO is provided through MSH International, a specialist in expatriate group benefits since 1974. In fact, they are one of the world's largest suppliers of expatriate insurance. They serve the diverse needs of 2,000+ corporate clients and 500,000+ insured members across 194 countries. As well as their expertise in international group benefits, MSH International is known for exceptional customer service, quality and cost control.

It's comprehensive

When we say "comprehensive," we really mean it. With Global2GO, your expatriate employees can count on great benefits.

- Life and accidental death and dismemberment
- Disability
- Health and dental care
- International Employee Assistance Program
- War risk coverage

No matter what type of employment:

- Global2GO applies to your full-time employees leaving Canada, and to rotational workers, contract employees, and non-Canadians working in another country (third-country nationals).
- It also applies to employees working outside of Canada with more hazardous occupations, including those who work underground, underwater, over water or in aerial situations.

It's simple

The support of an experienced provider can make life simpler for your HR Department. And your expatriate employees will appreciate simple claims processes and coverage options. Global2GO has everybody's needs covered.

It's simple for you:

- Global2GO means one-stop shopping for benefits. Your Canadian benefits are with Sun Life, and we'll initiate the set up of your expatriate coverage with MSH International.

Coverage for one or more expatriate employees in over 194 countries

- You'll be dealing with experts in expatriate insurance plans – people who specialize in this type of insurance, so they have the answers to your questions.

It's simple for your employees:

- Employees can access customer service 24/7, in multiple languages.
- They can choose reimbursement in any of 110 currencies.
- They can also choose whether payments are made to them or to their service provider.
- Disabled employees covered under the Global2GO program can apply for Long-Term Disability benefits in the country in which they reside.

It's reliable

A product as specialized as expatriate benefits needs a special provider. That's why we've aligned with MSH International to provide group benefits coverage that is underwritten by two well-known and highly respected underwriters – Lloyd's of London and Hauteville (a subsidiary of Allianz).

Global2GO

Peace of mind counts for a lot when it comes to taking care of your expatriate employees. A comprehensive product, all over the world, for employees in all kinds of situations is a big step towards that peace of mind. Global2GO helps to ensure that your employees' benefits are taken care of, while they take care of business for you.
