

Sun Solutions

Group Benefits coverage
for businesses with
50 or more employees

It's more than just a benefits plan!

Sun Solutions is a great benefits plan choice for your Clients with 50 or more employees. This offering will help you strengthen your relationships with your Clients, through the insights, services, and support you can offer them. It'll also help you manage your Clients plan costs and give them better value for their organization.

What makes Sun Solutions so great

Sun Solutions takes a holistic view of group benefits. It helps your Clients work towards creating a healthy workforce by offering plan design flexibility. Some key highlights include:

- Industry-leading technology, services, and products that help protect and manage plan costs.
- Dedicated Sun Solutions team that supports all types of business and their needs.
- Fulsome benefits package for small to mid-size organizations.
- Easy access to plan member benefits at any time using mysunlife.ca and the **my Sun Life mobile app**.

Products and Services

Our fulsome suite of products moves beyond traditional group benefits and includes:

- **Health and wellness** support through Sun Life's Real Health, powered by Lumino Health. Sun Life's Real Health is designed to help your Clients' plan members at every point in their health journey.
- **Proactive absence and disability management** solutions to support return to work.
- **Pharmaceutical benefits** or drug plan solutions to help your Clients manage pharmacy costs and employee needs.
- **Health and personal spending accounts** providing plan members with options in addition to their employee plan.
- **Access to international coverage** options to support plan members when they take a trip abroad.
- **Drug plan management solutions** like prior-authorization, generic substitution, and evidenced-based drug plan cost controls.
- **Employee Assistance Program (EAP)** that allows your Clients to choose what's right for their businesses.

Sun Solutions also gives you and your Clients access to

Tools and insights you can leverage to help your current and prospective Clients.

mysunlife.ca: an easy way for plan members to submit claims, check coverage information, find tools, resources and more.

Group Benefits website: includes key information about all our products and services. It also includes links to helpful plan sponsor resources (i.e., training videos, toolkits, etc.).

Focus Update newsletters: regular plan sponsor emails that include plan updates, insights, and opportunities.

Bright Papers, reports and other data-driven research: Sun Life research and thoughtful analysis that can help your Clients make decisions to support employee health.

Plan InSite for Advisors: a powerful benchmarking tool that will enhance your ability to provide data driven recommendations. This includes comparisons on claims cost, by size of Client, benefit category, industry and geographic location.

Fraud Risk Management: Industry-leading dedicated Fraud Risk Management team to help protect the integrity of your Clients plans.
