

Occupational Claims Management Services

Keeping employees safe and productive at work is important to an organization's success. Managing workplace incidents and understanding all the associated legislative requirements can be complex, time-consuming and costly. This is why Sun Life Financial is pleased to refer our plan sponsors to **Acclaim Ability Management** for WSIB/WCB/CSST Occupational Claims Management solutions.

About Acclaim

Acclaim Ability Management (Acclaim) is a national provider of ability management services comprised of a multi-disciplinary team of qualified claim and rehabilitation professionals delivering quality services since 1993. The company has adopted the NIDMAR (National Institute of Disability Management and Research) philosophy, code of ethics and has adopted its guiding principles; to reduce the human, social and economic costs of disability.

Working with Acclaim

Every program begins with an Occupational Claims Management Assessment.

This is a high level review of your current practices and policies as they relate to the legislation requirements under the Ministry of Labour / Occupational Health and Safety Act and the WSIB / WCB / CSST.

The assessment grades your current systems against the industry norm and best practices. It also provides a score card that pin-points the areas of concern and helps to build a plan customized to your organizational needs.

Following your assessment, Acclaim's Occupational Claims Advisors can recommend services from the following:

Workers' Compensation claims management

Workers' Compensation Appeals and Cost Relief

Classification Review and Revenue (every 3 years)

Workers' Compensation Training for your internal staff

Occupational Health and Safety Advisory Services:

- Advisor Services
- On-Site Safety Advisor
- Policy Development
