

### Morneau Shepell purchase of Solareh

On December 20, 2016, Morneau Shepell announced that it has purchased Solareh, the Montreal-based national health and wellness services provider. Solareh is the strategic partner for, and provider of, the Sun Life RightDirections Employee Assistance Program (EAP). Here is the [Morneau Shepell media release](#).

Morneau Shepell announced that it has no plans at this time to change Solareh's existing relationships with insurance companies and brokers, advisors and consulting firms. In addition, the majority of Solareh employees, including its management team, will continue with Morneau Shepell.

It is therefore our expectation that, if you currently use Sun Life RightDirections for your EAP, it will be business as usual, i.e., you will see no interruption in your service, and Solareh's clinical network will remain intact. We are advised that you will continue to work with the same system and support staff for your EAP needs – and contact and access information will remain the same for your employees.

#### Questions?

If you have any questions about the Morneau Shepell acquisition of Solareh, please contact your Sun Life Financial Group Benefits representative.
