

## Enhancements to RightDirections™, Sun Life's EAP product offering, launching soon!

The RightDirections™ product offering is launching new digital enhancements to improve the plan sponsor and plan member experience - with no change in pricing.

As part of the continued partnership with Shepell, plan members will experience enhancements to the existing RightDirections™ website that includes a new look and feel, new online resources and improved access to EAP services.

All existing RightDirections™ benefit booklet wording will be updated at your next amendment. Additionally, plan sponsors with over 35 employees will be able to access, eResults, on-demand reporting online. If you are an existing RightDirections™ Client with more than 35 employees you will receive an activation email in the coming weeks, with instructions on how to access the eResults portal.

To help promote the RightDirections™ program to your plan members, please contact your Sun Life Financial group benefits representative for additional information and promotional materials. You can also [click here](#) to access additional information.
