

## PVS – Preferred Vision Services are being discontinued

Starting January 1, 2018, Preferred Vision Services (PVS) is ceasing operation and their services will no longer be available to Sun Life Clients across Canada.

Going forward, we will be removing references to PVS in marketing, promotional and other plan member materials. Any plan member booklets containing PVS references will be updated at a later date, when other amendments are being completed on the plan.

Sun Life will continue to pursue new and exciting opportunities that bring added value to our Clients, and to announce these opportunities as they become available.

### Plan member communication

We prepared the attached [plan member communication](#) that we recommend you share with plan members.
