

A better way to see personal investment accounts and insurance policies is here

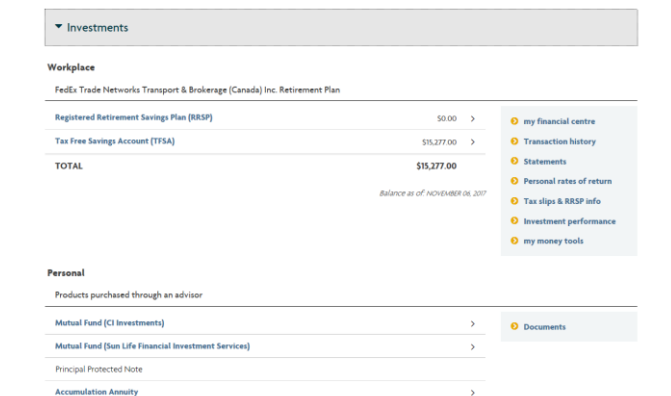

When plan members sign in to mysunlife.ca, they'll now be able to see their accounts, policies and contracts – workplace and personal – making it faster, easier and more convenient to do business with Sun Life and access their product details all in one place.

Members with personal investments and/or insurance now see these new features:

- Individual insurance policies and investment accounts appear on the homepage, along with workplace plans and benefits.

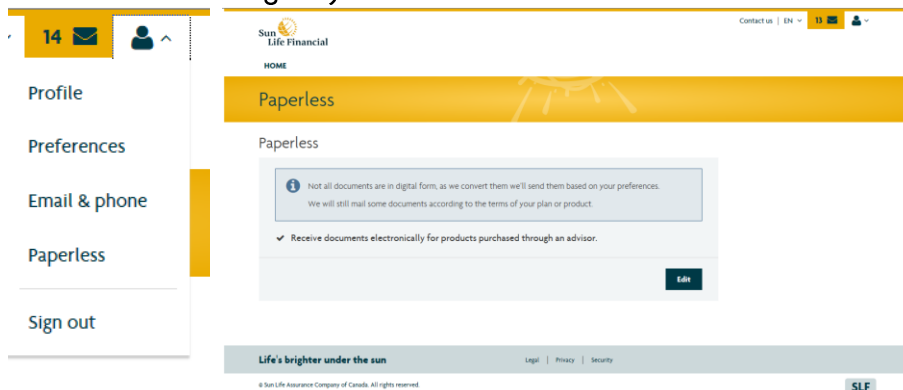

- Under Personal Investments, a new quick link called “Documents”, located on the right navigation menu, links to a page to view documents traditionally mailed. Only Sun Life Financial Investment Services (Canada) Inc. mutual fund account statements currently appear. Over the next year, other types of statements and notices will become available.

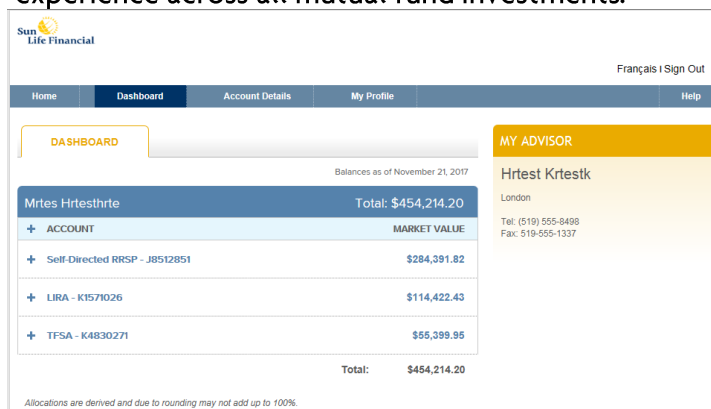

Group Benefits are provided by Sun Life Assurance Company of Canada, a member of the Sun Life Financial group of companies.

- A new option in the Profile icon drop-down menu called “Paperless” gives Individual Clients the option to switch to electronic delivery only, for all documents as they become available digitally.

- For mutual fund Clients who invest with Sun Life Global Investments (SLGI) or CI Investments, a link to their mutual fund account details on mysunlife.ca replaces the direct links to the SLGI and CI Investments websites, creating a more consistent experience across all mutual fund investments.

Encourage your members to check out the changes on mysunlife.ca today! These latest changes are part of the exciting enhancements we've been making to the digital plan member experience as we focus on making it easier for you and your plan members to do business with us.
